

A Career in the Jewelry Industry

By Institute for Career Research

Createspace, United States, 2015. Paperback. Book Condition: New. 229 x 152 mm. Language: English . Brand New Book ***** Print on Demand *****.IT IS POSSIBLE THAT YOU ALREADY know that you want to make a career for yourself in the jewelry industry and may already have begun your life s work. In fact, some of the most famous jewelers working today began selling their work in high school. Unlike many other careers, being a jewelry designer and maker does not require a college education or any specialized degree, although there are industry certifications that can be very useful as you progress in your career, and the broad range of knowledge to be gained by attending college can be useful from both a creative and a business standpoint. Nevertheless, if the creative urge has hit you at an early age, and you discover that making beautiful things by hand is a source of satisfaction, becoming a jeweler could be the career for you. While you may be starting out on your own as a jewelry maker, it is important to understand that this is an industry with large-scale manufacturers, national wholesalers, and extensive retail chains, as well as individuals who handle...
