Createspace Independent Publishing Platform, United States, 2015. Paperback. Book Condition: New. 229 x 152 mm. Language: English . Brand New Book \*\*\*\*\* Print on Demand \*\*\*\*\*.The novel, *The Martian*, very skillfully captures the attention of the science fiction lovers as well as young adults. Andy Weir s ability is showcased by exquisite portrayal of a story woven around a person who was stranded on Mars. The story covers up the hurdles faced by Mark Watney when he was deserted accidentally on the surface of Mars during their space mission. He had to utilize the limited resources available and needed to reach a place from where he could be recovered. To rescue Mark, a rescue mission was proposed by his previous crew mates and administration at NASA. The end of the book is positive as it results in Mark s recovery and emphasizes on the progress in human s interplanetary future. The book contains some content that might offend the secondary readers like teachers and parents. They might find sentences like I m pretty much fucked as obscene. The same pattern is followed throughout the book, which might create a political and social environment that might obscure the book s objective. Some challenges might also be proposed against the text and in extreme case ban on the book might occur. But, the hype against the book cannot diminish its purpose and appeal. The texts that might appear obscene to some teachers and parents are not included to promote vulgarity. They are included just to highlight a person s reactions when he faces difficulties. Any person facing the hardships, which are faced by Watney, may lead to the phrasing of the similar sentences as phrased by him. In fact, the bans will only promote the book as the readers will be curious...
