Brand New Book ***** Print on Demand *****.Excerpt from Amusements of Worcester School Children, Vol. 6: A Dissertation Educators are coming more widely to recognize that development following nature's laws is not always a steady growth in one direction, but often by sudden starts and rapid shoots at what are termed the nascent periods. They also recognize that, to guide the formation of true men and women, they must know more of what these nascent periods are, of what the natural tendencies of the child are in the normal process of his development. Such beliefs have led to the many attempts to study in a variety of ways the natural interests of children. The present study is but another such attempt based on the belief that the spontaneous activity of the child affords the best opportunity for the investigation of interest. It is not expected that the most careful study of the outward expression of the life of a limited number of children can settle the problem of children's interests; but we believe that this study, touching as it does the lives of several...

Reviews

It is easy to read through easier to fully grasp. it had been written very completely and useful. I am pleased to let you know that here is the greatest book we have read during my personal life and could be the very best book for possibly.

-- Miss Marge Jerde

It is really a remarkable publication I actually have possibly study. It usually is not going to cost excessive. It has been written in an exceedingly basic way and is particularly only right after I finished reading this publication through which basically transformed me, affect the way I think.
